

The Spec Ops Delta helmet is the latest addition to our Special Operator Helmet range. It is made from advanced Aramid Composites and provides lightweight robust protection from ballistic and fragmentation projectiles as well as other low energy threats. The helmet comes fitted with a 4 point adjustable harness and the latest US MIL SPEC compliant impact absorption system from Team Wendy, the Epic Air system. The harness has a split suede chin strap and comes with USI Boa Ratchet system. The harness and pads can be easily removed for cleaning or replacement. The helmet comes fitted with a universal NVG mount complete with elastomeric tensioners (bungees) and Picatinny rails which provide a solid platform for flashlights, cameras and other gear.

Each helmet comes with Velcro kit included

Ballistic Protection

The Spec Ops Delta helmet meets NIJ level IIIA ballistic requirement as well as meeting and exceeding US MIL SPEC ACH fragmentation V50 requirements

Fragmentation Protection

Protection against fragments from 17 grain V50 2300 ft/sec (700 m/sec) according to STANAG 2920 (17gr FSP) and US MIL STD 662F. Meets and exceeds US ACH MIL SPEC V50 for 2, 4, 16, 64 and 17 gr fragments
